

## God With Us

Recently based on the recommendation of my physiotherapist I ordered a therapy item called The Stick which is used to relieve pain in various parts of the body. I ordered it from a company in Vancouver and it was being sent expedited Canada Post. Well, along came the slow down at the Gateway sorting facility in Peel Region because of a substantial covid outbreak and truckloads of mail sat there waiting to be sorted so I knew it would be a quite a while.

Then on the night of February 7<sup>th</sup>, I had a dream in which a truck came along the road where I was walking near our home, it stopped and a person emerged from the truck with my package. The following afternoon, February 8<sup>th</sup> the postal truck pulled into our driveway and delivered my package..... The Stick had arrived!

What can I say, our God is amazing, looks after us in countless ways and God's presence is always with us and working behind the scenes. I have had other such amazing encounters in the past and it always leaves me in awe.

Spreading the Good News!!!
