Community Partnership at Its Best

St. Peter's Evangelical Lutheran Church is the legal entity representing the Lutheran and the Trinity Anglican congregations of Wiarton.

As a Legacy project, the churches noted above, had on March 05, 2026, entered into a "shared service agreement" with the Bruce Peninsula Association of Community Living. It was after many meetings and discussions, both jointly as churches as well as with Bruce Peninsula Association of Community Living, that the congregation was excited to sign the above noted agreement.

On June 25th, 2026 Bruce Peninsula Association of Community Living became the legal owner of the property known as St. Peter's Evangelical Lutheran Church, 21 Brown St, Wiarton. (South Bruce Peninsula).

This transfer of property has meant that the work and costs of maintaining the church and its property has been devolved.

This means that Bruce Peninsula Association of Community Living will be responsible for items such as taxes, snow removal, property insurance, and capital improvements. The Parish will maintain tenants' insurance for their respective chattels and contents and their own liability insurance.

In recognition for the conveyance of the land Bruce Peninsula Association of Community Living shall select a name for the building(s) jointly with the Parish.

The Parties desire to have an intentional relationship building strategy with each other. This may include but is not limited to, hosting events to which the others members and staff may be invited, and working together on community engagement and fund-raising events.

The congregation will continue to use the church and its property on specific terms and conditions as outlined in the legal document schedule B "Agreement of Purchase and Sale"

Eventually Bruce Peninsula Association of Community Living will build an eight-unit apartment complex on the land at the rear of the church. An exciting project that we all are looking forward to.

In the present the congregation is excited to convey that we now have a dishwasher and a television monitor and equipment to enable zoom/teams' conversations across the Parish as a whole and beyond! Thank you!

We are all looking forward to our new community partnership!
